WOMEN'S CLUB: Our April meeting and luncheon has been canceled. Women's Club has been canceled until further notice.

POOL CLOSED/NO SUNBATHING: Per the Pinellas county Sheriffs department with no end date as of yet. You may use the laundry room and cut through the pool area but we are not to use the area at all.

LOCK UP: Please make sure the pool gate is completely closed and locks behind you when you leave the area.

RULES AND REGULATION CHANGES: If there is an article in our rules and regulations that you think is outdated or could be changed please contact Dave Wyllie or board member for the board to review and consider your suggestion.

MESSAGE FROM THE BOARD: We have been advised by the city of Dunedin because of road construction on Beltrees Street, the dumpster on the N/W corner of our property will be moved by the city to the S/E corner of our property next to the existing dumpster until further notice. Also some of our exits on to Beltrees may be blocked from time to time. From what we understand Portree Dr will always be open. The dumpster will be moved March 30th which is the date of commencement of road construction.

REGARDING THE DUMPSTERS: Our trash pick up schedule is on Monday, Wednesday, Thursday and Saturday.

1. Please use both sides of the dumpster
2. If the dumpster is full, DO NOT leave your garbage beside the dumpster.
3. Anything outside of the dumpster is not picked up by the garbage trucks.
4. Leaving trash outside of the dumpster encourages rats.

Thank you in advance for your cooperation.

THE NEXT BIG SCAM: Will involve the stimulus checks they are sending.

I am writing this not as your president, but as a 30 year retired Lt/Det with the sheriffs office. It disturbs me and concerns me the amount of scams via phone calls and e-mails I receive. The phone calls are the worst, they may impersonate law enforcement officers, social security representatives, credit card companies or banks just to name a few. They will create a sense of urgency while talking with you or pretend they are just updating records, maybe say you have been a victim of identity theft, or we have an arrest warrant for you. They all are after one thing. Your money and they do so by stealing your identity and they do that by conning you into giving your personal information to them such as your social security number, name and date of birth, bank account numbers, credit card numbers and so on. It's really despicable. And when I get these calls I sometimes wonder if you are getting these calls too. Please never give out any of this information. Law enforcement almost never makes arrests in these cases because the conmen use electronic money transfers to offshore accounts. Bottom line, if it sounds too good to be true, it is. if you feel pressured hang up, and if they claim to be law enforcement, hang up and call the sheriffs office. We're all in this together!
