DIRECTORS CORNER:

The Board of Directors receives complaints about Bad Dog Owners on a weekly basis!

Villa owners have spent a substantial amount of money to improve their front yards. This area is not a DOG RESTROOM.

Walking of dogs on private property and allowing them to urinate and defecate is not allowed. It doesn't matter if you pick up after your animal or not!. Every villa has a front and rear yard that can accommodate your dogs needs. Walking the dog for exercise on the sidewalks is different.

There are several open spaces within our community where your dog can exercise. The City of Dunedin has several dog parks as well as most of the Pinellas County Parks.

As dog owners you are also responsible to see that your animal's behavior does not disrupt your neighbors. Constant barking while you are at home or not can not be tolerated. There are many humane ways of controlling a dog's constant barking.

"It would be disappointing if a few dog owners force the Association in creating and enforcing severe restrictions on all the dog owners".
